

Albuquerque Status Report as of July 23, 2004

The National Data Warehouse Initial Data Load is expected to begin in Albuquerque this week. The data load schedule is as follows:

- Albuquerque Service Unit
- Zuni Service Unit
- Santa Fe Service Unit
- ACL
- Mescalero Service Unit
- Jicarilla Service Unit
- Pinehill Health Center
- Ignacio Health Center
- Santa Clara Health Center
- Towaoc Health Center
- Alamo Health Center
- Taos-Picuris Service Unit
- Ysleta Del Sur Health Center

We anticipate having all extracts transmitted to the NDW by October 1, 2004. For more specific scheduling information please refer to the [Load Schedule](#) document.
